Holt's - the bank that's flexible enough to take care of the special needs of the services

Being a serviceman brings you unusual banking problems. Problems to which only a specialised bank like Holt's has the answers. Holt's has been dealing with the financial affairs of servicemen since 1806 and can offer you special banking facilities throughout your career and afterwards. Facilities that are open to you wherever you are posted.

Special services for special people

As a Holt's customer you can cash a cheque at any branch of Williams & Glyn's, or Lloyds, on production of your Identity Card, and a Bank Cheque Card gives you the freedom of 13,000 banks in the U.K.

Getting money abroad

Holt's can either instruct a local bank to cash your cheques or, if you prefer, we can transfer money regularly to a local bank account which we will open for you.

So wherever you travel you can obtain money just as easily as if you were at home. We can, of course, provide full Foreign Exchange Services at Kirkland House.

Savings and investments

Holt's Managers are experts on the special savings problems of servicemen. They would be pleased to work out a savings plan for you. Apart from the normal investment advice most banks offer, Holt's can also provide facilities to look after your investments while you are abroad.

Insurance

Every serviceman needs insurance for his family, himself and his effects. Holt's has a special service to give expert advice on all insurance risks.

Retirement and resettlement

Holt's will help you make the right decisions and get the most from your gratuity or terminal grant. We will advise you on such matters as commutation of pensions, house purchase and lump sum investment.

Banking's FREE at Holt's

A current account at Holt's needn't cost you anything. If you stay in credit at Holt's you don't have to pay bank charges.

So if you want a bank that understands you—and your way of life—get in touch with Holt's today.

TO-DAY'S NAVY NEEDS NO CHARITY BUT YESTERDAY'S DOES

The Navy has not always been as well-paid a profession as to-day. Yesterday's men had little in the way of retirement or disability pensions, had no means of fore-knowing the disastrous fall in the value of their savings. Many men, now old and infirm, would to-day face a bleak and painful future were it not for KGFS.

Last year, KGFS distributed, to 80 charities, nearly £317,000 to help seafarers and their families, all of them in desperate need. This year, because costs are always rising, we shall need every penny of that, and more besides.

And so, we must appeal to you to give even more generously this year to KGFS. If you could actually meet the people we are helping, you would not pass them by.

WE, THE LIMBLESS, LOOK TO YOU FOR HELP

We come from both world wars: We come from Kenya, Malaya, Aden, Cyprus . . . and from Ulster. From keeping the peace no less than from war we limbless look to you for help. And you can help, by helping our Association. BLESMA (the British Limbless Ex-Service Men's Association) looks after the limbless from all the Services. It helps, with advice and encouragement, to overcome the shock of losing arms, or legs or an eye. It sees that red-tape does not stand in the way of the right entitlement to pension. And, for the severely handicapped and the elderly, it provides Residential Homes where they can live in peace and dignity.

Help BLESMA, please. We need money desperately. And, we promise you, not a penny of it will be wasted.

Our Three Services

School Fees The burden of affording school fees out of income is avoidable by making provision well in advance.

Under one of our schemes, you make advance payments out of income, with the advantages of built-in Life cover. Under our Trustee Scheme, you (or a grandparent) provide a capital sum.

School Fees Insurance Agency Ltd is a company within the Insurance Advice Centre specialising in this field.

Mortgages Finding the best source of a mortgage and negotiating it at a reasonable rate: this is the essence of the matter.

We offer free authoritative advice on all mortgage matters. Our knowledge of the market enables us to obtain the maximum advance on different kinds of property.

We can explain the various forms of mortgage (including the larger Endowment-type) and the advantages of each.

Investment Many forms of saving and investment do not keep pace with inflation. The best hedge against this ill is undoubtedly Investment Bonds.

But they are bewildering in number and variety. How on earth does one choose?

Objective advice on all forms of investment is offered by another Insurance Advice Centre company, Husher DeRoussy & Hastings Ltd.

The Navy List is published once a year and is on sale to the public.

Publication takes place each spring and to ensure that amendments are included in the next annual edition they must be forwarded by 31 October each year.

Supplements to the Navy List are published in July and January and cover selective promotions, the Queen's Birthday and New Year honours and changes in Section 1 of the Navy List.

The Navy List of Retired and Emergency List Officers is published every other year, the next edition being 1975.

The rates of pay, regulations, etc., are contained in a special sale publication entitled 'Appendix to the Navy List', which is published annually.

Officers who succeed to peerages, baronetcies, or courtesy titles should immediately notify the Editor in order that the necessary alterations may be made in the Navy List and official records.

The degrees shown after Officers' names in the Navy List are not necessarily a complete list of those held, but, generally speaking, are confined to degrees of an honorary nature conferred specially upon an Officer, and those which are so related to the professional duties of an Officer as to give some indication of his professional qualifications.

This edition of the Navy List is corrected to include those promotions, appointments, etc., promulgated on or before 31st October, 1974 as becoming effective on or before 31st March 1975, with the exception of Section 1, which is corrected, as far as possible, up to the date of going to press.

The above list is issued for the information of Captains of Her Majesty's Ships with reference to the provisions of Article 1252 of the Queen's Regulations for the Royal Navy under which they are authorised to ascertain whether British Merchant Ships (including Fishing Vessels) flying the Blue Ensign of Her Majesty's Fleet are legally entitled to do so.

2. British merchant ships and fishing vessels are allowed to wear the plain Blue Ensign under the authority of a special Warrant, subject to the following conditions being fulfilled:

- (a) The officer commanding a ship other than a fishing vessel must be an officer on the Retired or Emergency Lists of the Royal Navy or a Commonwealth Navy, or an officer on the Active or Retired Lists of any branch of the Reserves of such navies. If the rank held on one of these Lists by the officer commanding the ship is below that of Commander, at least one other officer in the ship's company must be an officer on one of the Lists mentioned.
- (b) The skipper of a fishing vessel must be an officer on the Active or Retired Lists of the RNR List 2/Patrol Service who holds or has held the substantive rank of Lieutenant or Skipper Lieutenant or above, and the crew must include four reservists. Men of the Royal Naval Reserve or of a Commonwealth Naval Reserve, time-expired ratings who have completed 20 years' service in the Royal Naval Reserve, members of the Royal Fleet Reserve, Royal Naval Pensioners and Royal Marine Pensioners may be included in reckoning the number specified.

3. Before hoisting the Blue Ensign, the officer commanding the ship must be in possession of a warrant.

4. The officer in command of a ship who fails to fulfil these conditions, unless failure is due to death or other circumstances over which he has no control, will no longer be entitled to hoist the Blue Ensign in the ship. The Blue Ensign is in no circumstances to be worn if the officer to whom the warrant was issued is not in command of the ship or if the ship changes to foreign ownership.

5. Article 1252 of Queen's Regulations for the Royal Navy prescribes the action to be taken by the Commanding Officer of one of Her Majesty's Ships if a merchant ship is found to be wearing the Blue Ensign without the Warrant or otherwise not complying with the foregoing regulations.

The Central Fund for all charities that care for seafarers in need and their families. It makes grants annually to 80 Royal Navy, Merchant Navy and Fishermen's Societies meeting the needs of officers and ratings past and present, of both sexes, and their dependants.

The objects of the Fund are:

- (a) To secure more financial support for approved Marine Benevolent Institutions within the Commonwealth.
- (b) To allocate grants to such societies according to need.
- (c) To advise as to the appropriate society to deal with any individual cases of need which may be brought to its notice.

It also maintains the Central Bureau for Naval Officers' Charities, providing liaison between the societies and advice to Officers and ex-Officers of the Royal Navy, and their dependants, who are in difficulties.

King George's Fund for Sailors needs your help. King George's Fund for Sailors cannot make grants to individuals but if you are in need of assistance yourself you are invited to communicate confidentially with the General Secretary for advice on where this may be obtained.

ROYAL NAVAL BENEVOLENT TRUST

HEAD OFFICE: HIGH STREET, BROMPTON, GILLINGHAM, KENT

(Tel. 0634-42743)

The R.N.B.T. is the central benevolent organisation for assisting the "past, present and future" men of the Royal Navy. All the powers of the Trust are vested in, and are exercisable by, a Central Committee acting either directly or through an Executive Committee or by delegation to Local Committees situated in Chatham, Devonport and Portsmouth. There is also a Subsidiary Committee in Malta.

The objects of the Trust are:

- (a) to provide relief in cases of necessity or distress to those who have served or are serving as Fleet Chief Petty Officers or below in the Royal Navy or equivalent ranks in the Royal Marines;
- (b) to make provision of training for such persons for civil life and assistance in order that they may obtain suitable employment after leaving the Service;
- (c) to make contributions either directly or through the agency of other institutions to the care, training, and welfare of the families and dependants of such persons in cases of necessity or distress.

In carrying out its primary objects, the Trust supports and co-operates with many other organisations — in particular, it makes large annual grants to the Regular Forces Employment Association as part of the Navy's share of the cost of finding employment in civilian life.

The Trust administers the Naval School of Motoring, Portsmouth and maintains Pembroke House (Home for aged ex-naval men), Oxford Road, Gillingham Kent.

The Trust is also responsible for the administration of **The Royal Naval Fund** in accordance with the terms of its Trust Deed. The available resources consist mainly of the interest derived from the investment of the proceeds of the Royal Naval Exhibition of 1891. The income is expended in affording assistance to the widows, orphans or other dependent relatives of Seamen and Marines provided the applicant is not in receipt of a Service dependant's pension.

Requests for further information should be addressed to the General Secretary at the Head Office. Applications for assistance are considered by the Local Committees and should be made to the Local Secretary, R.N.B.T., 2a Tipner Road, Portsmouth PO2 8QR.

KING EDWARD VII's HOSPITAL FOR OFFICERS

BEAUMONT HOUSE, BEAUMONT STREET, LONDON, W1N 2AA
(Tel. 01-486 4411)

All officers of the three Services (including women officers) who have held regular or temporary commissions, their wives and widows, and the children of officers between the ages of 4 years and 18 years, are eligible for admission. The Hospital has mainly private rooms but there is a five-bed ward and a three-bed ward. (There is no shared accommodation for women patients).

The Council has, as its object, the provision of the best medical and surgical facilities at the lowest possible cost. Serving officers are entitled to free nursing and maintenance in ward beds. Otherwise patients are asked to pay a minimum rate of £98 a week for a private room or £63 a week for a shared room. These charges do not include professional fees, but if either through insurance or because he can afford it, a patient can pay a sum nearer to the actual cost to the Hospital of his maintenance (now £160 a week), this is much appreciated. The ability of a patient to pay is always considered and there is a generously administered Samaritan Fund for those in straitened circumstances.

The Hospital has its own Consultant Staff whose fees are a matter for personal arrangement between the patient and Consultant. It is necessary for all patients to be placed by their G.P. (who may still continue to attend them), in the care of a member of the Hospital's Consultant Staff, a list of whom will be sent to the patient's doctor on application. The Hospital has its own Resident Officers, X-ray, Pathology and Physiotherapy Departments.

Whilst it is not necessary to subscribe in order to use the Hospital, Sister Agnes's is outside the National Health Service and, therefore, entirely dependent on voluntary aid. Subscriptions, donations and covenants are the mainstay of our income and detailed information can be obtained from the Appeals Secretary, 6 Buckingham Place, London. SW1E 6HR (01-828 4454).

Applications for admission should be made to the Matron, through the patient's doctor. (01-486 4411).

The object of the Home is to provide for the fatherless and/or motherless children of those below Officer rank serving or who have served in the Royal Navy, Royal Marines or W.R.N.S., and Auxiliary Services. Children whose parents are living can also be accommodated where circumstances render it desirable in the interests of the children. In these cases, parents must contribute to their maintenance. Age of admission is from two years old.

Candidates for admission are elected at the discretion of the Committee, fatherless children being deemed to have the first claim. Children admitted are wholly maintained, clothed and educated, receiving religious instruction according to the principles of the Church of England. They attend local council schools.

A limited number of girls and boys who show exceptional ability can be maintained beyond the age of 16, for further education or training at the discretion of the Committee. Full leaving outfits are provided. Endeavours are made to keep in touch with boys and girls after leaving the Home, and we afford them any further assistance, financial or otherwise, which they may need.

The Home depends on voluntary contributions for the support and extension of its activities. *Subscriptions, donations and correspondence should be addressed to the Secretary, R.N. & R.M. Children's Home, HMS Nelson, Portsmouth, PO1 3HH.*

GREENWICH HOSPITAL

Royal Hospital School, Holbrook, Suffolk. (*Headmaster—N.B. Worswick, Esq., M.A.*). Admission to the School, which is maintained by Greenwich Hospital, is restricted to the sons of British subjects whether by birth, naturalisation, registration, or by citizenship who are the sons of:

- (a) commissioned officers, non-commissioned officers, petty officers, and men serving, or having served, in the Royal Navy or Royal Marines;
- (b) officers and men of the Royal Naval Reserve; and
- (c) other seafaring men and men drowned on lifeboat service.

Priority is given to those whose father's death is attributable to naval or lifeboat service and to other orphans. Other things being equal, preference is given to the sons of those who have served as ratings.

Applications for admission should be made to the Director of Greenwich Hospital at the address given below as soon as boys reach the age of 9½ and before the age of 10½. Applications on behalf of over-age boys can be considered only where there are exceptionally strong compassionate circumstances, e.g., death of a parent. After educational and medical examinations, entries to the School are made in September, January and April, and places are allotted as they become available after the boy reaches the age of 11½.

No fees are charged for boarding or clothing, but a fee is charged for tuition. Parents and guardians are responsible for maintenance during the School holidays, for fares to and from School, and for reasonable pocket money. Serving personnel may be eligible for Navy Education Allowance, details of which can be obtained from Supply Officers. Parents who are leaving the Service (or who have left it) are entitled to apply to their Local Education Authority for assistance with tuition fees.

The School is an independent civilian School with two grammar school streams and three secondary modern streams offering a full secondary school curriculum on the basis that all boys will complete a five-year course and during the Summer term of their fifth year will take the appropriate nationally recognised first School Leaving Examination, i.e. G.C.E. 'O' level for boys in the grammar school streams and C.S.E. for boys in the secondary modern streams.

Some boys then leave to start their careers, but for boys nominated on the basis that they are likely to profit by them, the following further courses are available:—

either

- (a) for boys of requisite ability the standard V11th form course of two (or in some cases three) years leading to G.C.E. 'A' level examination, success in which qualifies boys academically for entries to the Universities and Professions and for Cadetships in the Armed Forces;

or

- (b) for boys from all streams, a one-year course affording the opportunity to aim at certain G.C.E. 'O' level subjects in which they will at any rate be able to profit by, and participate fully in, the academic courses involved.

Despite the School's strong naval traditions, boys are quite free to aim at the career of their choice, and the fullest careers guidance is given to all.

Grants to Children of Officers. A limited number of grants, within a maximum of £100 per annum, are available in aid of the education and maintenance of sons and daughters of deceased or distressed Commissioned Officers of the Royal Navy and Royal Marines.

Grants to Children of Ratings. Grants within a maximum of £100 per annum are available in aid of the education and maintenance of sons and daughters of deceased or incapacitated non-Commissioned Officers, Petty Officers and men of the Royal Navy and Royal Marines and of men of the Reserve Forces killed or drowned in service.

Further information on all the above activities may be obtained from the Director of Greenwich Hospital, 13, Devonshire Square, London, E.C.2.

THE EX-SERVICES MENTAL WELFARE SOCIETY

The Ex-Services Mental Welfare Society, which has been established for 55 years, is the only voluntary organisation which exists to assist men and women who have become mentally disabled due to service in the armed Forces or the Merchant Service.

They have a convalescent home where patients are treated in the first instance under qualified staff and an assessment is made of their ability to take their place in society. There is a "sheltered industry" for those not capable of work in open competition. Nearby is a hostel for single men and cottages for the married.

The Society's Welfare Officers visit people in their own homes and, where required, assistance is given. Visits are also paid to about 16,000 ex-Servicemen in Mental Hospitals.

The Society has a Veterans Home for the more elderly to pass their latter days in peace. This home is currently being extended to increase its accommodation by half and to up-grade the accommodation.

The people who seek the Society's help are not only victims of the two World Wars, but also of the many continuing campaigns since, which with their guerilla tactics and street fighting, are equally likely to be the cause of mental breakdown and damage.

This work, which is unique, requires about £200,000 a year by voluntary contributions, and too often those who are serving (or have served) in the Armed Forces do not know of the Society's existence. Many who might benefit by its work are therefore missed and, equally, some who would like to contribute have no chance to do so.

Enquiries about the Society's work, or offers of help (either by way of becoming a "Friend" to assist in fund-raising, or direct contributions) should be made to the General Secretary, Ex-Services Mental Welfare Society, 37 Thurlow Street, London SW7 2LL.
